

ADVANCED COMMUNITY WIFI

Fast, reliable connectivity for residents and a simple, effective solution for property owners

- **Fast, reliable connectivity** (up to 2 Gig) will satisfy residents, drive higher occupancy, lower churn and increase net operating income.
- Residents will enjoy **convenient self-installation** and control over their network with the My Spectrum App, as well as connectivity in common areas.
- Residents have access to **24/7 dedicated customer service**.

Spectrum Advanced WiFi offers residents more control than ever over their WiFi network.

Advanced WiFi provides residents with the ability to:

- Customize WiFi network name and password
- Manage connected devices
- Pause and schedule WiFi access

All easily managed via the My Spectrum App.

- Manage Spectrum account and services
- Make payments
- Manage equipment and troubleshoot
- View channel line-ups
- Access Spectrum Security Shield
